

Wires & Cables

Performance Redefined

Specialists in Covered Conductors

The Company

KSH International Private Limited, founded in 1981, is the leading manufacturer of Rectangular Winding Wires and Cables in India. KSH has manufacturing plants at Taloja, 40 km from Mumbai and Chakan, 120 km from Mumbai, India. Product quality, delivery, innovation and customer service have made KSH a preferred supplier to major Indian and Global Original Equipment Manufacturers.

KSH provides customized solutions and manufactures products as per customer size and specification requirements. Customers include manufacturers of oil filled power & distribution transformers, traction transformers, dry type transformers, cast resin transformers, auto electrical components, AC and DC coils, high voltage motors and generators and wind mill generators, turbo and hydro generators. KSH is a preferred supplier to 765 KV and 1200 KV extra high voltage transformer and reactor manufacturers in India.

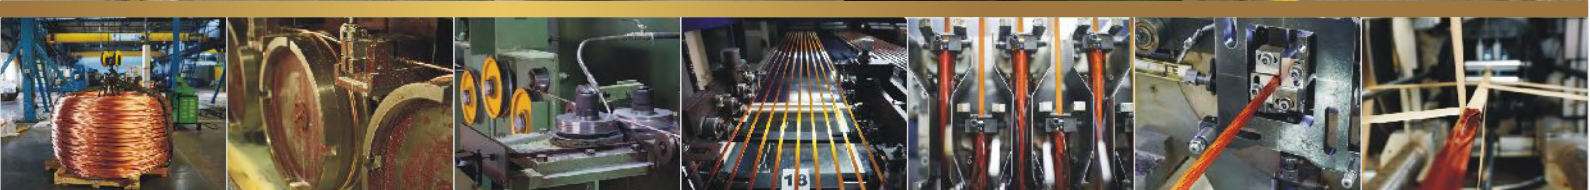

Product quality is the core of KSH's manufacturing policy. The Quality Management System is in compliance with the requirements of ISO 9001, Environmental Management System as per ISO 14001 and Occupational Health & Safety Management System as per ISO 45001. The ability to adapt to a rapidly changing economic and global environment is a result of the quality policy and personnel. The KSH team is regularly trained to carry out precision work, to innovate and to continuously improve the way products are made.

The Technology

Modern electrical products demand that rectangular wires for coil winding be drawn from carefully selected raw materials, and both conductor and insulation materials be manufactured to the highest standards and under controlled conditions.

By drawing, flattening and stress relieving, KSH produces a wide range of rectangular conductors with sizes ranging from 4 mm² to 120 mm². Wrapping, vertical strip enamelling, and transposing achieves insulation of all types of conductors using a variety of insulating materials.

Rigorous testing is carried out by advanced testing equipment in KSH Laboratories to ensure that end products meet national, international and customer standards.

Customer Profile

KSH works directly and through its network of agents pan India and also exports to customers in USA, Europe, Japan, Bangladesh and the Middle East

Some of our clients include Bharat Bijlee, BHEL, CG Power, GE, Hind Rectifier, Hitachi Energy, Indotech, Meiden T&D (India), Siemens, Suzlon, TBEA, TELK, Toshiba, TRIL etc.

KSH is a globally approved supplier for Hitachi Energy, GE and Siemens and to State Electricity Boards, Power Grid Corporation India Ltd. (PGCIL), National Thermal Power Corporation (NTPC), National Hydro Development Corporation (NHDC) and Nuclear Power Corporation India (NPCIL).

Quality and Certifications

KSH has well-equipped in-house Quality Control Laboratory. Both in-line and off-line quality checks are performed to ensure reliable products.

KSH International, Pune

Pune- The fastest growing industrial and software centre of India

Located close to the north-south centre of the country Pune has good access to raw material and connectivity to distribute finished goods, making it a popular manufacturing, warehousing and distribution centre. Since the 1960's Pune has been home to Indian and international manufacturers Alfa Laval, LG, Philips, Sandvik, Sharp, Tata Motors and more. Software companies including Cognizant, Infosys, Satyam, TCS and Wipro have operations in Pune. Pune is also known as the Oxford of the East for its excellent educational facilities.

Population- 4.5 million

Height from Sea level- 1800 ft (549 m)

Average Temperature- 20° to 30° C

Languages- English, Marathi, Hindi

Transport- Easy access by air, rail and road. Located 150km from Mumbai, Pune is a 3 hour drive from Mumbai.

Hotels- Staying in Pune can be a pleasure with a numbers of hotels including Hyatt, JW Marriott, Le Meridien, Taj Blue Diamond and Westin to choose from.
